WR450F

WR450F

Dirt bikes don't come any tougher than Yamaha's WR enduro models. And with its outstanding power output and high-tech aluminium chassis, the WR450F is one of the most impressive E2 machines available today.

The will to win is an integral part of every Yamaha's DNA, and wherever you look on the WR450F you can see that this dirt bike is a true thoroughbred. The 5-valve engine kicks out awesome levels of low to mid-range torque for outstanding cross country performance. And the GP-winning aluminium chassis design is built to handle the harshest terrain.
